

GT-18XP

Medium-Heavy Duty Mulcher

LEAN GREEN MULCHING MACHINES

For unmatched versatility and performance, consider **Gyro-Trac's 190 horsepower GT-18XP**—it's the flagship of the fleet. With a wider cutting head, extra power, a new heavier-duty undercarriage (an upgrade from earlier models) and our patented captive track system, this medium- to heavy-duty mulcher is a solid performer almost anywhere. In addition to all the typical benefits and applications of Gyro-Trac equipment, the GT-18XP combats regeneration of invasive species like Brazilian Pepper, Palmetto, Palm and Melaleuca trees, and can reduce the use of herbicides by 50% or more.

GT-18XP

Medium-Heavy Duty Mulcher

Standard Specifications

DIMENSIONS

Track Width	28"	711.2 mm
Overall Length	245"	6223.0 mm
Overall Width	96"	2438.4 mm
Overall Height	106"	2692.4 mm
Weight	21,000 lbs.	9525 kg
Ground Clearance	14"	355.6 mm
Ground Pressure	3.5 Psi	24.1 kPa

ENGINE

Cummins Turbo Diesel (6BTA model)

No. of Cylinders	6	
HP @ 2200 RPM	190 HP	
Torque @ 1500 RPM	455 lb-ft.	617 N.m

CAPACITIES

Fuel Tank	90 US Gal.	74.94 Imp. Gal.	340.7 L
Hydraulic Tank	72 US Gal.	60 Imp. Gal.	272.7 L

All specifications subject to change without notice.

STANDARD FEATURES

- Low-profile fully-enclosed tilt cab
- Comfortable suspension seat
- Exceeds SAE ROPS/FOPS specifications
- 6 halogen lights
- Auxiliary hydraulic
- Lexan safety windshield
- Rear sweeps for cab and systems protection
- 12,000 lb. winch
- Pressurized cabin to keep out dust and smoke

HYDRAULICS

- Sundstrand Series 90 Hydraulic System

STEERING

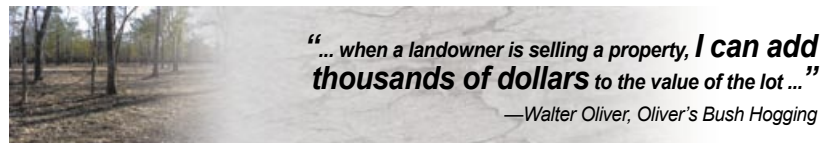

- Hydrostatic drive/steer system with single joystick control

TRACKS

- Six (6) nylon and polyester reinforced rubber tracks, assembled with heat-treated steel crosslinks
- Patented Captive-Track system makes throwing a track nearly impossible

CUTTER HEAD

- Exclusive patented spiral-tooth mounting design
- Swing-tooth flail teeth are designed to bounce off hard surfaces and fall back into a pocket to lengthen tooth life
- Powerful Sundstrand Hydraulic work head power supply w/ two synchronous belts
- Individually-mounted teeth replace in just minutes
- Drum speed: 2200 RPM

"... when a landowner is selling a property, I can add thousands of dollars to the value of the lot ..."

—Walter Oliver, Oliver's Bush Hogging
